| Article Name               | Human IgG Fc Antibody Texas Red(TM) Conjugated, Goat, Polyclonal                              |
| Biozol Catalog Number      | ROC-609-1903                                                                                  |
| Supplier Catalog Number    | 609-1903                                                                                      |
| Alternative Catalog Number | ROC-609-1903                                                                                  |
| Manufacturer               | Rockland Immunochemicals                                                                      |
| Host                       | Goat                                                                                          |
| Category                   | Antikörper                                                                                    |
| Species Reactivity         | Human                                                                                         |
| Immunogen                  | Human IgG F(c) fragment                                                                       |
| Conjugation                | Texas Red                                                                                     |
| Clonality                  | Polyclonal                                                                                    |
| Concentration              | 2.0 mg/mL by UV absorbance at 280 nm                                                          |
| Buffer                     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2                                    |
| Form                       | Lyophilized                                                                                   |
| Target                     | Human                                                                                         |
| Antibody Type              | Secondary Antibody                                                                            |
| Application Dilute         | FLISA: 1:10,000 - 1:50,000, Flow Cytometry: 1:500 - 1:2,500, IF Microscopy: 1:1,000 - 1:5,000 |

|                   |                                                                                                                                                                                                                                                                |
|-------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes | Anti-Human IgG F(c) Texas Red Conjugated is designed for immunofluorescence microscopy, fluorescence based plate assays (FLISA) and fluorescent western blotting. This product is also suitable for multiplex analysis, including multicolor imaging, utilizin |
