| Article Name               | Goat IgG anti-Mouse IgG+IgM+IgA (H+L)-Alk. Phos., MinX none, ALP, Polyclonal , AP |
| Biozol Catalog Number      | ROC-610-105-130                                                                   |
| Supplier Catalog Number    | 610-105-130                                                                       |
| Alternative Catalog Number | ROC-610-105-130                                                                   |
| Manufacturer               | Rockland Immunochemicals                                                          |
| Host                       | Goat                                                                              |
| Category                   | Antikörper                                                                        |
| Application                | ELISA,IHC,WB                                                                      |
| Species Reactivity         | Mouse                                                                             |
| Immunogen                  | Mouse IgG IgA and IgM whole molecule                                              |
| Conjugation                | Alk. Phos.                                                                        |
| Format                     | IgG                                                                               |
| Target Specificity         | IgG+IgM+IgA (H+L)                                                                 |
| Cross-Adsorption (MinX)    | no cross-adsorbtion                                                               |
| Clonality                  | Polyclonal                                                                        |
| Concentration              | 1.0 mg/mL by UV absorbance at 280 nm                                              |

|                    |                                                                                                                                                                                                                                                               |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Buffer             | 0.05 M Tris Chloride, 0.15M Sodium Chloride, 0.001M Magnesium Chloride, 0.0001M Zinc Chloride, 50% (v/v) Glycerol, pH 8.0                                                                                                                                     |
| Form               | Liquid (sterile filtered)                                                                                                                                                                                                                                     |
| Target             | Mouse                                                                                                                                                                                                                                                         |
| Antibody Type      | Secondary Antibody                                                                                                                                                                                                                                            |
| Application Dilute | ELISA: 1:2,000 - 1:10,000, IHC: 1:200 - 1:1,000, WB: 1:500 - 1:2,500                                                                                                                                                                                          |
| Application Notes  | Anti-Mouse IgG IgA IgM Alkaline Phosphatase conjugate has been tested by ELISA and is suitable for immunoblotting (western or dot blot), ELISA, immunoelectron microscopy and immunohistochemistry as well as other antibody-based enzymatic assays requiring |
