### **Rabbit F(ab)2 anti-Swine IgG (H+L)-RPE, MinX none ROC-714-408-002**

|                            |                                                            |
|----------------------------|------------------------------------------------------------|
| Article Name               | Rabbit F(ab)2 anti-Swine IgG (H+L)-RPE, MinX none          |
| Biozol Catalog Number      | ROC-714-408-002                                            |
| Supplier Catalog Number    | 714-408-002                                                |
| Alternative Catalog Number | ROC-714-408-002                                            |
| Manufacturer               | Rockland Immunochemicals                                   |
| Host                       | Rabbit                                                     |
| Category                   | Antikörper                                                 |
| Application                | FACS,IF                                                    |
| Species Reactivity         | Porcine                                                    |
| Immunogen                  | Swine IgG whole molecule                                   |
| Conjugation                | RPE                                                        |
| Format                     | F(ab') <sub>2</sub>                                        |
| Target Specificity         | IgG (H+L)                                                  |
| Cross-Adsorption (MinX)    | no cross-adsorbtion                                        |
| Clonality                  | Polyclonal                                                 |
| Concentration              | 1.0 mg/mL by absorbance = 82.0 at 565 nm                   |
| Buffer                     | 0.02 M Potassium Phosphate, 0.15 M Sodium Chloride, pH 7.2 |
| Form                       | Lyophilized                                                |

|                    |                                                                                                                                                                                      |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target             | Swine                                                                                                                                                                                |
| Antibody Type      | Secondary Antibody                                                                                                                                                                   |
| Application Dilute | Flow Cytometry: 1:100 - 1:250, IF Microscopy: 1:100 - 1:250                                                                                                                          |
| Application Notes  | F(ab)2 Anti-Swine IgG Phycoerythrin Conjugated Secondary Antibody reagents are ideal for ELISA, western blotting, Immunohistochemistry, as well as other antibody detection methods. |
