| Product Description        | RRM2 antibody LS-C333948 is an unconjugated rabbit polyclonal antibody to RRM2 from human. It is reactive with human, mouse and rat. Validated for IF, IHC, IP and WB....                                                                                                |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                               |
| NCBI                       | <a href="#">6241</a>                                                                                                                                                                                                                                                     |

|                    |                                                                                   |
|--------------------|-----------------------------------------------------------------------------------|
| Buffer             | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                     |
| Purity             | Affinity purified                                                                 |
| Form               | PBS, pH 7.3, 0.02% Sodium Azide, 50% Glycerol                                     |
| Application Dilute | IF (1:10 - 1:100), IHC (1:50 - 1:200), IP (1:50 - 1:200), WB (1:500 - 1:2000)     |
| Application Notes  | The predicted MW is 44kDa/51kDa, while the observed MW by Western blot was 45kDa. |
