| Host                       | Rabbit                                                                                                                                                                                  |
| Category                   | Antikörper                                                                                                                                                                              |
| Application                | ELISA, IF, IHC, WB                                                                                                                                                                      |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                       |
| Immunogen                  | A 15 AA synthetic peptide near the C-Terminus of human Bora. The immunogen is located within aa 410-460 of Bora.                                                                        |
| Conjugation                | Unconjugated                                                                                                                                                                            |
| Product Description        | BORA antibody LS-C108488 is an unconjugated rabbit polyclonal antibody to BORA (C13orf34) from human. It is reactive with human, mouse and rat. Validated for ELISA, IF, IHC and WB.... |
| Clonality                  | Polyclonal                                                                                                                                                                              |
| Concentration              | 1 mg/ml                                                                                                                                                                                 |
| NCBI                       | <a href="#">79866</a>                                                                                                                                                                   |

|                    |                                                                                                                                                                                                                                                                |
