| Alternative Catalog Number | LS-G132795-1                                                                                                                                                  |
| Manufacturer               | LifeSpan Biosciences                                                                                                                                          |
| Category                   | Proteine/Peptide                                                                                                                                              |
| Product Description        | IL1R1 (Interleukin 1 Receptor Type I), also known as CD121a, is an important mediator involved in many cytokine induced immune and inflammatory responses.... |
| Molecular Weight           | 17kDa                                                                                                                                                         |
| Tag                        | His, N-Terminal                                                                                                                                               |
| NCBI                       | <a href="#">3554</a>                                                                                                                                          |
| Source                     | E. coli                                                                                                                                                       |
| Purity                     | Greater than 97%                                                                                                                                              |
| Form                       | Lyophilized from 20mM Tris, 150mM NaCl, pH8.0, 1mM EDTA, 1mM DTT, 0.01% SKL, 5% Trehalose, Proclin300.                                                        |
