| Manufacturer               | LifeSpan Biosciences                                                                                                                                                       |
| Category                   | Proteine/Peptide                                                                                                                                                           |
| Product Description        | Vascular endothelial growth factor C (VEGFC) is a protein that is a member of the platelet-derived growth factor/vascular endothelial growth factor (PDGF/VEGF) family.... |
| Molecular Weight           | 45kDa                                                                                                                                                                      |
| Tag                        | His, N-Terminal                                                                                                                                                            |
| NCBI                       | <a href="#">7424</a>                                                                                                                                                       |
| Source                     | E. coli                                                                                                                                                                    |
| Purity                     | Greater than 90%                                                                                                                                                           |
| Form                       | Lyophilized from 20mM Tris, 150mM NaCl, pH8.0, 1mM EDTA, 1mM DTT, 0.01% SKL, 5% Trehalose, Proclin300.                                                                     |
