| Manufacturer               | LifeSpan Biosciences                                                                                                               |
| Category                   | Proteine/Peptide                                                                                                                   |
| Product Description        | IL17RC (Interleukin-17 receptor C) is a receptor for IL17A and IL17F homodimers as part of a heterodimeric complex with IL17RA.... |
| Molecular Weight           | 26kDa                                                                                                                              |
| Tag                        | His, N-Terminal                                                                                                                    |
| NCBI                       | <a href="#">84818</a>                                                                                                              |
| Source                     | E. coli                                                                                                                            |
| Purity                     | Greater than 97%                                                                                                                   |
| Form                       | Lyophilized from PBS, pH7.4, 0.01% SKL, 1mM DTT, 5% Trehalose, Proclin300.                                                         |
