## Product Datasheet

**Bacillus megaterium high yield T7 gene expression kit, includes  
pretransformed protoplasts BMEGT702 (5x500µl), pPT7 cloning vector and  
pPT7-GFP control vector (vectors lyophilized, 10 µg each)  
MOB-BMEGT701**

|                            |                                                                                                                                                                                                                                                               |
