## Product Datasheet

### Mouse anti-Hu CD35 Purified, clone E11 (Monoclonal), IgG1, Clone: [E11] MON23184

|                            |                                                                         |
|----------------------------|-------------------------------------------------------------------------|
| Article Name               | Mouse anti-Hu CD35 Purified, clone E11 (Monoclonal), IgG1, Clone: [E11] |
| Biozol Catalog Number      | MON23184                                                                |
| Supplier Catalog Number    | MON23184                                                                |
| Alternative Catalog Number | MON23184                                                                |
| Manufacturer               | Monosan                                                                 |
| Host                       | Mouse                                                                   |
| Category                   | Antikörper                                                              |
| Application                | FC, ICC, IHC-Fr, IHC-P, IP, WB                                          |
| Species Reactivity         | Human, Primate                                                          |
| Immunogen                  | Acute monocytic leukemia cells and normal blood monocytes               |
| Clonality                  | Monoclonal                                                              |
| Concentration              | 1 mg/ml                                                                 |
| Clone Designation          | [E11]                                                                   |
| Isotype                    | IgG1                                                                    |
| Buffer                     | Phosphate buffered saline (PBS), pH 7.4, 15 mM sodium azide             |
| Form                       | Purified by protein-A affinity chromatography.                          |
