| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Purified recombinant prokaryotic full-length human p16INK4a protein                                                                                                                                                                                           |
| Product Description        | p16INK4a is a tumor suppressor protein. It is a specific inhibitor of cdk4/cdk6, and a tumor suppressor involved in the pathogenesis of a variety of malignancies. Recent analyses of the p16INK4a gene revealed homozygous deletions, nonsense, missense,... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [CDKN2A/7081R]                                                                                                                                                                                                                                                |
| Molecular Weight           | 14kDa                                                                                                                                                                                                                                                         |
| NCBI                       | <a href="#">1029</a>                                                                                                                                                                                                                                          |

|         |                                                                                                                                                                        |
