| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Recombinant full-length human CD59 protein                                                                                                                                                                                                                    |
| Product Description        | Reacts with human CD59, a 20kDa glycosyl phosphatidyl-inositol (GPI)-anchored cell surface protein. CD59 regulates complement-mediated cell lysis, and it is involved in lymphocyte signal transduction. This protein is a potent inhibitor of the complem... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [MACIF/1193]                                                                                                                                                                                                                                                  |
| Molecular Weight           | 20kDa                                                                                                                                                                                                                                                         |
| Isotype                    | IgM                                                                                                                                                                                                                                                           |

|         |                                                                                                                                                         |
