## Product Datasheet

**Anti-Z-DNA/Z-RNA [Z22], Mouse IgG1, kappa, Monoclonal  
ABA-AB00783-1.1**

|                            |                                                                                                                                                                                                                                                               |

| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | ELISA, EMSA, FC, IB, IF, IHC, IP, In vitro, SBR                                                                                                                                                                                                               |
| Species Reactivity         | All                                                                                                                                                                                                                                                           |
| Product Description        | Z22 was prepared by immunizing C57BL/6 mice with brominated poly(dG-dC).poly(dG-dC) complexed with methylated bovine serum albumin (BSA), and was selected for by ELISA. Brominated poly(dG-dC).poly(dG-dC) forms a stable Z-DNA helix under physiological... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [Z22]                                                                                                                                                                                                                                                         |
| Isotype                    | IgG1                                                                                                                                                                                                                                                          |
