| Manufacturer               | ProSci                                                                                                                |
| Host                       | Rat                                                                                                                   |
| Category                   | Antikörper                                                                                                            |
| Application                | ELISA, FC, IHC-Fr, IHC-P                                                                                              |
| Concentration              | 0.5 mg/mL                                                                                                             |
| Isotype                    | IgG2b                                                                                                                 |
| Buffer                     | Supplied in borate buffered saline, pH 8.2, No preservatives or amine-containing buffer salts added                   |
| Form                       | Liquid                                                                                                                |
| Application Notes          | Normal Rat IgG2b can be used as control in flow cytometry and immunohistochemistry assays and as a standard in ELISA. |
