| Article Name               | Parathyroid Membrane Lysate                                                                                              |
| Biozol Catalog Number      | PRS-XBL-10798                                                                                                            |
| Supplier Catalog Number    | XBL-10798                                                                                                                |
| Alternative Catalog Number | PRS-XBL-10798-0.1                                                                                                        |
| Manufacturer               | ProSci                                                                                                                   |
| Category                   | Zellen/Zellkultur                                                                                                        |
| Application                | WB                                                                                                                       |
| Concentration              | 2 mg/mL or better                                                                                                        |
| Buffer                     | HEPES pH 7.9, MgCl <sub>2</sub> , KCl, EDTA, Sucrose, Glycerol, Sodium deoxycholate, and NP-40.                          |
| Form                       | Liquid                                                                                                                   |
| Application Notes          | Parathyroid membrane protein lysate is for use in Western blotting, 10 µg to 20 µg per lane is recommended for mini gel. |
