| Category                   | Kits/Assays                                                                                                                                                                                                                                                   |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Product Description        | Human Macrophage Migration Inhibitory Factor (MIF) ELISA Kit for detecting MIF in serum, plasma, tissue homogenates, cell lysates, cell culture supernates, other biological fluids. Species Reactivity: Human (Homo sapiens). Detection Range: 0.312-20ng... |
| Range                      | 0.312-20ng/ml                                                                                                                                                                                                                                                 |
| Sensitivity                | 0.122ng/ml                                                                                                                                                                                                                                                    |
| NCBI                       | <a href="#">4282</a>                                                                                                                                                                                                                                          |
| Form                       | 96-Well Plate                                                                                                                                                                                                                                                 |
| Samples                    | Serum, Plasma, Tissue Homogenates, Cell Lysates, Cell Culture Supernates, Other Biological Fluids                                                                                                                                                             |
