| Application                | ELISA, WB                                                                                                                                                                      |
| Species Reactivity         | Human                                                                                                                                                                          |
| Immunogen                  | Recombinant protein (or fragment). This information is considered to be commercially sensitive.                                                                                |
| Conjugation                | Unconjugated                                                                                                                                                                   |
| Product Description        | This gene encodes a tyrosine-sulfated secretory protein abundant in peptidergic endocrine cells and neurons. This protein may serve as a precursor for regulatory peptides.... |
| Clonality                  | Polyclonal                                                                                                                                                                     |
| Molecular Weight           | 78kDa                                                                                                                                                                          |
| NCBI                       | <a href="#">1114</a>                                                                                                                                                           |
| UniProt                    | <a href="#">P05060</a>                                                                                                                                                         |

|                    |                                                                                                                                                                                                                                                                                 |
