| Category                   | Kits/Assays                                                                                                                                                                                                                                            |
| Product Description        | The ELISA (Enzyme-Linked Immunosorbent Assay) kit is an in vitro enzyme-linked immunosorbent assay for the quantitative measurement of samples in serum, Plasma , Urine ,tissue homogenates and Cell culture supernates and Other biological fluids... |
| Range                      | 31.2-2000 pg/mL                                                                                                                                                                                                                                        |
| Sensitivity                | 15.6 pg/mL                                                                                                                                                                                                                                             |
