## Product Datasheet

### **POSTN recombinant monoclonal antibody, clone R03-7E3, Clone: [R03-7E3], Monoclonal ABN-RAB02012**

|                            |                                                                                             |
|----------------------------|---------------------------------------------------------------------------------------------|
| Article Name               | POSTN recombinant monoclonal antibody, clone R03-7E3, Clone: [R03-7E3], Monoclonal          |
| Biozol Catalog Number      | ABN-RAB02012                                                                                |
| Supplier Catalog Number    | RAB02012                                                                                    |
| Alternative Catalog Number | ABN-RAB02012-100                                                                            |
| Manufacturer               | Abnova                                                                                      |
| Category                   | Antikörper                                                                                  |
| Application                | IHC-P, IP, WB                                                                               |
| Species Reactivity         | Human                                                                                       |
| Immunogen                  | Original antibody is raised against a synthetic peptide corresponding to human POSTN.       |
| Product Description        | Rabbit recombinant monoclonal antibody raised against human POSTN....                       |
| Clonality                  | Monoclonal                                                                                  |
| Clone Designation          | [R03-7E3]                                                                                   |
| UniProt                    | 10631                                                                                       |
| Buffer                     | In 50 mM Tris-Glycine pH 7.4 (0.15 M NaCl, 40% Glycerol, 0.01% Sodium azide and 0.05% BSA). |
| Form                       | Liquid                                                                                      |

| Target             | POSTN                                                                                                                                                    |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Dilute | Immunohistochemistry (1:50-1:100)Immunoprecipitation (1:20)Western Blot (1:500-1:1000)The optimal working dilution should be determined by the end user. |
