## Product Datasheet

### Fluorescent Dye 555-C3 Acid ABN-U0197

|                            |                                                                                                                                                 |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Article Name               | Fluorescent Dye 555-C3 Acid                                                                                                                     |
| Biozol Catalog Number      | ABN-U0197                                                                                                                                       |
| Supplier Catalog Number    | U0197                                                                                                                                           |
| Alternative Catalog Number | ABN-U0197-5                                                                                                                                     |
| Manufacturer               | Abnova                                                                                                                                          |
| Category                   | Sonstiges                                                                                                                                       |
| Application                | Conjugation                                                                                                                                     |
| Product Description        | Cyanine 3 dyes have enhanced fluorescence upon binding to proteins....                                                                          |
| Application Dilute         | Labeling of biological molecules (e.g. peptides, proteins, oligoes) for fluorescence imaging and other fluorescence-based biochemical analysis. |
