| Category                   | Zellen/Zellkultur                                                                                                          |
| Application                | WB                                                                                                                         |
| Species Reactivity         | Human                                                                                                                      |
| Product Description        | Whole cell lysate (denatured)....                                                                                          |
| Buffer                     | In ready-to-use 1X Sample Buffer (50 mM Tris-HCl, 2% SDS, 10% glycerol, 300 mM 2-mercaptoethanol, 0.01% Bromophenol blue). |
| Source                     | Bone                                                                                                                       |
| Application Dilute         | The lysate is ready to load on SDS-PAGE for Western blotting.                                                              |
