| Immunogen                  | Human REH cells                                                                                                                                                                                                                                               |
| Product Description        | Reacts with a common epitope of human major histocompatibility (MHC) class II antigens, HLA-DR and DP. Human MHC class II antigens are transmembrane glycoproteins composed of an alpha chain (36 kDa) and a beta chain (27 kDa). They are expressed prima... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 0.2 mg/mL                                                                                                                                                                                                                                                     |
| Clone Designation          | [Bra-14]                                                                                                                                                                                                                                                      |
| Molecular Weight           | 36 kDa (? chain) and 27 kDa (? chain)                                                                                                                                                                                                                         |

|                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |
