| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Recombinant human full-length SERPINB3 protein                                                                                                                                                                                                                |
| Product Description        | Metastasis of a primary tumor to a distant site is determined through signaling cascades that break down interactions between the cell and extracellular matrix proteins. Among the proteins mediating metastasis are serine proteases, such as neutrophil... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Concentration              | 1 mg/mL                                                                                                                                                                                                                                                       |
| Clone Designation          | [CPTC-SERPINB3-2]                                                                                                                                                                                                                                             |
| Molecular Weight           | 39 kDa                                                                                                                                                                                                                                                        |

|                   |                                                                                               |
|-------------------|-----------------------------------------------------------------------------------------------|
| UniProt           | <a href="#">P29508</a>                                                                        |
| Buffer            | PBS, no BSA, no azide                                                                         |
| Source            | Animal                                                                                        |
| Application Notes | Western blot 0.5-1.0 ug/mL, Optimal dilution for a specific application should be determined. |
