| Species Reactivity         | Human, Mouse                                                                                                          |
| Immunogen                  | Synthesized peptide derived from human NAA16 AA range: 800-850                                                        |
| Clonality                  | Polyclonal                                                                                                            |
| UniProt                    | <a href="#">Q6N069</a>                                                                                                |
| Source                     | Polyclonal, Rabbit IgG                                                                                                |
| Purity                     | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |
| Form                       | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                               |
| Application Dilute         | WB 1:500-2000                                                                                                         |
