| Application                | ELISA, FC, IF, IHC                                                                                                |
| Species Reactivity         | Sheep                                                                                                             |
| Immunogen                  | Sheep IgG                                                                                                         |
| Conjugation                | TRITC                                                                                                             |
| Source                     | Polyclonal, Rabbit IgG                                                                                            |
| Purity                     | The antibody was isolated from antisera by immunoaffinity chromatography using antigens coupled to agarose beads. |
| Form                       | Liquid in 0.01M Phosphate Buffered Saline, pH 7.2, containing 1% BSA, 50% glycerol, 0.02% Sodium Azide            |
| Application Dilute         | IHC (1:200 - 1:1000), IF (1:200 - 1:1000), FCM (1:2000 - 1:4000), Elisa (Use at an assay dependent concentration) |
