### Serum Amyloid A (SAA), Mouse ANO-MO-C40028N

|                            |                                                             |
|----------------------------|-------------------------------------------------------------|
| Article Name               | Serum Amyloid A (SAA), Mouse                                |
| Biozol Catalog Number      | ANO-MO-C40028N                                              |
| Supplier Catalog Number    | MO-C40028N                                                  |
| Alternative Catalog Number | ANO-MO-C40028N-0.5MG, ANO-MO-C40028N-0.1MG                  |
| Manufacturer               | Anogen-Yes Biotech Laboratories                             |
| Host                       | Mouse                                                       |
| Category                   | Zellen/Zellkultur                                           |
| Application                | EIA                                                         |
| Species Reactivity         | Human                                                       |
| Immunogen                  | Highly purified recombinant human SAA (MW: 12 kDa)          |
| Product Description        | Mouse monoclonal antibody to human serum amyloid A (SAA)... |
| Clonality                  | Monoclonal                                                  |
| Clone Designation          | S3                                                          |
| Isotype                    | IgM,k                                                       |
| Purity                     | Protein G affinity purified                                 |
| Form                       | Aff. pur.                                                   |
| Storage                    | Store at -20°C                                              |
| Target                     | Human SAA                                                   |

|                    |                                                                         |
|--------------------|-------------------------------------------------------------------------|
| Application Dilute | Double distilled water is recommended to reconstitute the antibody.     |
| Application Notes  | ELISA: React with human immunoglobulin (Ig) Kappa ( Kappa ) light chain |
