| Application                | ELISA                                                                                                                                                                                                                          |
| Species Reactivity         | Porcine                                                                                                                                                                                                                        |
| Product Description        | Porcine IGFBP2 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of porcine IGFBP2 in serum, plasma, tissue homogenates, and other biological fluids.... |
| Range                      | 0.625-40 ng/ml                                                                                                                                                                                                                 |
| Sensitivity                | 0.375 ng/ml                                                                                                                                                                                                                    |
| Samples                    | Serum, plasma, tissue homogenates, and other biological fluids.                                                                                                                                                                |
| Target                     | IGFBP2                                                                                                                                                                                                                         |
