| Product Description        | Rabbit IL-2 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of rabbit IL-2 in serum, plasma, tissue homogenates, and other biological fluids.... |
| Range                      | 15.625-1000 pg/ml                                                                                                                                                                                                        |
| Sensitivity                | 9.375 pg/ml                                                                                                                                                                                                              |
| Samples                    | Serum, plasma, tissue homogenates, and other biological fluids.                                                                                                                                                          |
| Target                     | IL-2                                                                                                                                                                                                                     |
