| Product Description        | Human ADM2/AM2 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of human ADM2/AM2 in serum, plasma, tissue homogenates, cell lysates, cell culture supernates or other biological f... |
| Range                      | 78.1-5000 pg/ml                                                                                                                                                                                                                                               |
| Sensitivity                | 26.2 pg/ml                                                                                                                                                                                                                                                    |
| Samples                    | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates or other biological fluids.                                                                                                                                                          |
| Target                     | ADM2/AM2                                                                                                                                                                                                                                                      |
