| Product Description        | Rat IL-6R ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of rat IL-6R in serum, plasma, tissue homogenates, and other biological fluids.... |
| Range                      | 78.125-5000 pg/ml                                                                                                                                                                                                    |
| Sensitivity                | 46.875 pg/ml                                                                                                                                                                                                         |
| Samples                    | Serum, plasma, tissue homogenates, and other biological fluids.                                                                                                                                                      |
| Target                     | IL-6R                                                                                                                                                                                                                |
