| Product Description        | Mouse KSR1 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of mouse KSR1 in serum, plasma, tissue homogenates, and other biological fluids.... |
| Range                      | 0.313-20 ng/ml                                                                                                                                                                                                         |
| Sensitivity                | 0.188 ng/ml                                                                                                                                                                                                            |
| Samples                    | Serum, plasma, tissue homogenates, and other biological fluids.                                                                                                                                                        |
| Target                     | KSR1                                                                                                                                                                                                                   |
