| Category                   | Kits/Assays                                                                                                                                                                                                                            |
| Application                | ELISA                                                                                                                                                                                                                                  |
| Species Reactivity         | Human                                                                                                                                                                                                                                  |
| Product Description        | Human LDL Receptor ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of human LDL Receptor in serum, plasma, tissue homogenates, and other biological fluids.... |
| Range                      | 0.313-20 ng/ml                                                                                                                                                                                                                         |
| Sensitivity                | 0.188 ng/ml                                                                                                                                                                                                                            |
| Samples                    | Serum, plasma, tissue homogenates, and other biological fluids.                                                                                                                                                                        |
| Target                     | LDL Receptor                                                                                                                                                                                                                           |
