| Species Reactivity         | Rat                                                                                                                                                                                                                        |
| Product Description        | Rat FGF9/GAF ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of rat FGF9/GAF in serum, plasma, tissue homogenates, and other biological fluids.... |
| Range                      | 62.5-4000 pg/ml                                                                                                                                                                                                            |
| Sensitivity                | 37.5 pg/ml                                                                                                                                                                                                                 |
| Samples                    | Serum, plasma, tissue homogenates, and other biological fluids.                                                                                                                                                            |
| Target                     | FGF9/GAF                                                                                                                                                                                                                   |
