| Product Description        | Rat JAK3 ELISA Kit is a sandwich Enzyme-Linked Immunosorbent Assay (sELISA) designed for the in vitro quantitative determination of rat JAK3 in serum, plasma, tissue homogenates, and other biological fluids.... |
| Range                      | 0.781-50 ng/ml                                                                                                                                                                                                     |
| Sensitivity                | 0.469 ng/ml                                                                                                                                                                                                        |
| Samples                    | Serum, plasma, tissue homogenates, and other biological fluids.                                                                                                                                                    |
| Target                     | JAK3                                                                                                                                                                                                               |
