| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                   |
| Product Description        | WEE1 (phospho Ser642) Cell-Based ELISA Kit is a Enzyme-Linked Immunosorbent Assay designed for the indirect in vitro quantitative determination of WEE1 levels in adherent and suspension cells.... |
| Range                      | > 5000 Cells                                                                                                                                                                                        |
| Samples                    | Adherent and suspension cells.                                                                                                                                                                      |
| Target                     | WEE1                                                                                                                                                                                                |
