| Product Description        | This GENLISA Rat Interleukin 12 p40 (IL-12/p40 / IL12) ELISA includes features like: - Ready to use protocol with break-apart wells for ease of use - Standardisation and High Reproducibility - Lot to Lot Consistency - Accuracy and Precision Validated... |
| Range                      | 11.719 - 750 pg/ml                                                                                                                                                                                                                                            |
| Sensitivity                | 7.031 pg/ml                                                                                                                                                                                                                                                   |
| Samples                    | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids.                                                                                                                                                         |
