## Product Datasheet

### Rabbit IgG anti-Human IgG4 (Fc) (RM120)-unconj., MinX Ms,Rt,Go RMB-31-1022-00

|                            |                                                                |
|----------------------------|----------------------------------------------------------------|
| Article Name               | Rabbit IgG anti-Human IgG4 (Fc) (RM120)-unconj., MinX Ms,Rt,Go |
| Biozol Catalog Number      | RMB-31-1022-00                                                 |
| Supplier Catalog Number    | 31-1022-00                                                     |
| Alternative Catalog Number | RMB-31-1022-00-100                                             |
| Manufacturer               | RevMAb                                                         |
| Host                       | Rabbit                                                         |
| Category                   | Antikörper                                                     |
| Application                | ELISA, FC, ICC, IHC                                            |
| Species Reactivity         | Human                                                          |
| Immunogen                  | Peptide corresponding to the hinge region of Human IgG4        |
| Conjugation                | Unconjugated                                                   |
| Format                     | IgG                                                            |
| Target Specificity         | IgG4 (Fc)                                                      |
| Cross-Adsorption (MinX)    | Mouse,Rat,Goat                                                 |
| Product Description        | Rabbit monoclonal to Human IgG4...                             |
| Clonality                  | Monoclonal                                                     |
| Concentration              | 1 mg/mL                                                        |
| Clone Designation          | [RM120]                                                        |

|                    |                                                                                                                                                      |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI               | <a href="#">3503</a>                                                                                                                                 |
| UniProt            | <a href="#">P01861</a>                                                                                                                               |
| Buffer             | 50% Glycerol/PBS with 1% BSA and 0.09% sodium azide                                                                                                  |
| Purity             | Protein A affinity purified from an animal origin-free culture supernatant                                                                           |
| Antibody Type      | Secondary Antibody                                                                                                                                   |
| Application Dilute | ELISA: 50ng/well - 200ng/well (for Capture), 0.05ug/mL - 0.2ug/mL (for Detection), WB (WB): 0.5 ug/mL - 2 ug/mL, Flow Cytometry (FC): 1ug/mL-4ug/mL. |
