| Manufacturer               | MedchemExpress                                                                                                                                                                                                                                                |
| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Product Description        | CXCL2, also called Gro-beta or MIP-2, is a pro-inflammatory cytokine with chemotactic activities on neutrophils. CXCL2 is produced by activated monocytes and neutrophils and expressed at sites of inflammation. CXCL2 is involved in many immune respons... |
| Molecular Weight           | Approximately 30 kDa, based on SDS-PAGE under reducing conditions.                                                                                                                                                                                            |
| Purity                     | 97.20                                                                                                                                                                                                                                                         |
| Formula                    | 20310(Gene_ID)P10889 (A28-N100)(Accession)                                                                                                                                                                                                                    |
| Application Notes          | MCE Product type: Recombinant Proteins                                                                                                                                                                                                                        |
