| Category                   | Antikörper                                                                                                                                                                               |
| Application                | ELISA, FA, FACS, Kinetics                                                                                                                                                                |
| Species Reactivity         | Human                                                                                                                                                                                    |
| Product Description        | Anti-MUC16 Reference Antibody (oregovomab-MMAE)(CHB269) is expressed from CHO. The heavy chain type is hulgG2, and the light chain type is hukappa. It has a predicted MW of 145 kDa.... |
| Concentration              | 1mg/ml                                                                                                                                                                                   |
| Molecular Weight           | 150 kDa                                                                                                                                                                                  |
| Isotype                    | IgG1                                                                                                                                                                                     |
