| Article Name               | Tyk 2 Monoclonal Antibody, Mouse                                                                                                                 |
| Biozol Catalog Number      | BTL-BT-MCA1259                                                                                                                                   |
| Supplier Catalog Number    | BT-MCA1259                                                                                                                                       |
| Alternative Catalog Number | BTL-BT-MCA1259-50UL,BTL-BT-MCA1259-100UL                                                                                                         |
| Manufacturer               | BT Lab                                                                                                                                           |
| Host                       | Mouse                                                                                                                                            |
| Category                   | Antikörper                                                                                                                                       |
| Application                | ELISA, WB                                                                                                                                        |
| Species Reactivity         | Human                                                                                                                                            |
| Immunogen                  | The antiserum was produced against synthesized peptide derived from human AMPK alpha around the phosphorylation site of Thr172. AA range:140-189 |
| Clonality                  | Monoclonal                                                                                                                                       |
| Concentration              | 1 mg/ml                                                                                                                                          |
| Purity                     | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                            |
| Formula                    | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                          |
| Target                     | TYK2                                                                                                                                             |
