| Article Name               | Biotin Anti-Mouse CD90.2/Thy1.2 Antibody[30H12], Rat, Monoclonal                            |
| Biozol Catalog Number      | ELA-E-AB-F1094B                                                                             |
| Supplier Catalog Number    | E-AB-F1094B                                                                                 |
| Alternative Catalog Number | ELA-E-AB-F1094B-100UG,ELA-E-AB-F1094B-25UG                                                  |
| Manufacturer               | Elabscience                                                                                 |
| Host                       | Rat                                                                                         |
| Category                   | Antikörper                                                                                  |
| Application                | FC                                                                                          |
| Species Reactivity         | Mouse                                                                                       |
| Conjugation                | Biotin                                                                                      |
| Clonality                  | Monoclonal                                                                                  |
| Concentration              | 0.5 mg/mL                                                                                   |
| Clone Designation          | [30H12]                                                                                     |
| NCBI                       | <a href="#">21838</a>                                                                       |
| Buffer                     | Phosphate buffered solution, pH 7.2, containing 0.09% stabilizer and 1% protein protectant. |
| Target                     | CD90.2                                                                                      |

|                   |                                                                                                                                                                                                                                                                                                                              |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes | Each lot of this antibody is quality control tested by flow cytometric analysis. For flow cytometric staining, the suggested use of this reagent is 1.0 µg per 10 <sup>6</sup> cells in 100 µL volume or 100 µL of whole blood. It is recommended that the reagent be titrated for optimal performance for each application. |
