| Alternative Catalog Number | ELA-PKSM040725-100UG                                                                                                                                                                                              |
| Manufacturer               | Elabscience                                                                                                                                                                                                       |
| Category                   | Proteine/Peptide                                                                                                                                                                                                  |
| Application                | Cell Culture                                                                                                                                                                                                      |
| Species Reactivity         | Mouse                                                                                                                                                                                                             |
| Molecular Weight           | calculated_mw: 57.5 kDa. observed_mw: 65 kDa                                                                                                                                                                      |
| Tag                        | C-His                                                                                                                                                                                                             |
| NCBI                       | <a href="#">8</a>                                                                                                                                                                                                 |
| UniProt                    | <a href="#">Q8BR86</a>                                                                                                                                                                                            |
| Expression System          | HEK293 Cells                                                                                                                                                                                                      |
| Purity                     | > 96 % as determined by reducing SDS-PAGE.                                                                                                                                                                        |
| Form                       | Lyophilized from sterile PBS, pH 7.4Normally 5% - 8% trehalose, mannitol and 0.01% Tween 80 are added as protectants before lyophilization.Please refer to the specific buffer information in the printed manual. |
| Sequence                   | Met 1-Ala 535                                                                                                                                                                                                     |
