| Manufacturer               | Elabscience                                                                                                                                                                                                          |
| Category                   | Proteine/Peptide                                                                                                                                                                                                     |
| Application                | Cell Culture                                                                                                                                                                                                         |
| Species Reactivity         | Rat                                                                                                                                                                                                                  |
| Molecular Weight           | calculated_mw: 37.9 kDa. observed_mw: 44 kDa                                                                                                                                                                         |
| Tag                        | C-His                                                                                                                                                                                                                |
| NCBI                       | <a href="#">8</a>                                                                                                                                                                                                    |
| UniProt                    | <a href="#">Q8VHK6</a>                                                                                                                                                                                               |
| Expression System          | HEK293 Cells                                                                                                                                                                                                         |
| Purity                     | > 85 % as determined by reducing SDS-PAGE.                                                                                                                                                                           |
| Form                       | Lyophilized from sterile PBS, pH 7.4. Normally 5% - 8% trehalose, mannitol and 0.01% Tween 80 are added as protectants before lyophilization. Please refer to the specific buffer information in the printed manual. |
| Sequence                   | Met1-Lys336                                                                                                                                                                                                          |
