### Met Rabbit Polyclonal Antibody(c-met) RBT-RA20264

|                            |                                                                        |
|----------------------------|------------------------------------------------------------------------|
| Article Name               | Met Rabbit Polyclonal Antibody(c-met)                                  |
| Biozol Catalog Number      | RBT-RA20264                                                            |
| Supplier Catalog Number    | RA20264                                                                |
| Alternative Catalog Number | RBT-RA20264-50,RBT-RA20264-100                                         |
| Manufacturer               | Reed Biotech                                                           |
| Category                   | Antikörper                                                             |
| Application                | IHC, WB                                                                |
| Species Reactivity         | Human, Mouse, Rat                                                      |
| Clonality                  | Polyclonal                                                             |
| Molecular Weight           | Molecular Weight: 130,170KD. Protein MW (KDa): 130,170KD               |
| NCBI                       | <a href="#">4233</a>                                                   |
| UniProt                    | <a href="#">P08581</a>                                                 |
| Buffer                     | 1mg/ml in PBS, pH 7.4, containing 0.02% sodium azide and 50% glycerol. |
| Source                     | Rabbit                                                                 |
| Target                     | Antibody can detect endogenous Pro-Met and mature Met proteins.        |
| Application Dilute         | WB 1:1,000-2,000 IHC 1:200-500                                         |
