| Category                   | Proteine/Peptide                                                                                                                            |
| Application                | SDS-PAGE                                                                                                                                    |
| Product Description        | Human AlphaB Crystallin/CRYAB Recombinant Protein expressed in E. coli (non-tagged). Sequence domain: 1-175aa. Application(s): SDS-PAGE.... |
| Concentration              | 1 mg/ml                                                                                                                                     |
| Molecular Weight           | 20.1 kDa (175aa)                                                                                                                            |
| Tag                        | Untagged                                                                                                                                    |
| NCBI                       | <a href="#">1410</a>                                                                                                                        |
| UniProt                    | <a href="#">P02511</a>                                                                                                                      |
| Purity                     | >95%                                                                                                                                        |
