| Category                   | Proteine/Peptide                                                                                                                                                                                   |
| Application                | SDS-PAGE                                                                                                                                                                                           |
| Product Description        | Human Betacellulin Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 32-111aa. Application(s): SDS-PAGE. Endotoxin: < 1 EU per 1ug of protein (determined by LAL method).... |
| Concentration              | 0.25 mg/ml                                                                                                                                                                                         |
| Molecular Weight           | 11.3kD (101aa) confirmed by MALDI-TOF (Molecular weight on SDS-PAGE will appear higher)                                                                                                            |
| Tag                        | HIS Tag                                                                                                                                                                                            |
