| Alternative Catalog Number | AMO-M10217-5G                                                                                                                                               |
| Manufacturer               | Abmole Bioscience                                                                                                                                           |
| Category                   | Biochemikalien                                                                                                                                              |
| Product Description        | Sodium diethyldithiocarbamate is an accelerator of the rate of copper cementation. Sodium diethyldithiocarbamate reduces the incidence of HIV infection.... |
| Molecular Weight           | 171.26                                                                                                                                                      |
| Purity                     | >98.0%                                                                                                                                                      |
| CAS Number                 | [148-18-5]                                                                                                                                                  |
| Formula                    | C <sub>5</sub> H <sub>10</sub> NNaS <sub>2</sub>                                                                                                            |
| Target                     | Anti-infection                                                                                                                                              |
