| Alternative Catalog Number | AMO-M13647-1MG, AMO-M13647-5MG, AMO-M13647-10MG, AMO-M13647-25MG, AMO-M13647-50MG                                                |
| Manufacturer               | Abmole Bioscience                                                                                                                |
| Category                   | Biochemikalien                                                                                                                   |
| Product Description        | Halofuginone (RU-19110), a Febrifugine derivative, is a competitive prolyl-tRNA synthetase inhibitor with a $K_i$ of 18.3 nM.... |
| Molecular Weight           | 414.68                                                                                                                           |
| Purity                     | >99.0%                                                                                                                           |
| CAS Number                 | [55837-20-2]                                                                                                                     |
| Target                     | DNA/RNA Synthesis                                                                                                                |
