## Product Datasheet

### Methscopolamine bromide, CAS [[155-41-9]] AMO-M3589

|                            |                                                                    |
|----------------------------|--------------------------------------------------------------------|
| Article Name               | Methscopolamine bromide, CAS [[155-41-9]]                          |
| Biozol Catalog Number      | AMO-M3589                                                          |
| Supplier Catalog Number    | M3589                                                              |
| Alternative Catalog Number | AMO-M3589-25MG,AMO-M3589-50MG,AMO-M3589-100MG                      |
| Manufacturer               | Abmole Bioscience                                                  |
| Category                   | Biochemikalien                                                     |
| Product Description        | Methscopolamine is a muscarinic acetylcholine receptor blocker.... |
| Molecular Weight           | 398.29                                                             |
| Purity                     | >99%                                                               |
| CAS Number                 | [155-41-9]                                                         |
| Formula                    | C18H24BrNO4                                                        |
| Target                     | AChR/AChE                                                          |
