| Manufacturer               | Abmole Bioscience                                                                                                                                                  |
| Category                   | Biochemikalien                                                                                                                                                     |
| Product Description        | PLGA lactide:glycolide (50:50) (MW 90000) Poly(D,L-propylidene-CO-ethylidene glycolide) is a synthetic amino acid that can be used for macromolecular delivery.... |
| Molecular Weight           | 90000                                                                                                                                                              |
| CAS Number                 | [26780-50-7]                                                                                                                                                       |
| Formula                    | (C3H4O2)x(C2H2O2)y                                                                                                                                                 |
| Target                     | Solvents & Excipients                                                                                                                                              |
